

# Educational Lifecycle Management Jump Start

Microsoft Services | OneWorldSIS

## Solution highlights

### HTML5 portal suite

Manage a full array of constituents, activities, and tasks from a single branded portal

### Business processes

Build and optimize processes across traditional boundaries with validation and defined logic

### Workflow foundation

Use Microsoft Windows Workflow Foundation to create, automate, and update routines

### Business intelligence

Drill into intuitive visual dashboards and update or share reports using Microsoft SSRS

### Social listening

Monitor, analyze, and manage trends, posts, and constituent issues from one actionable dashboard

### Outlook integration

Access, track, and manage all Outlook activities, meetings, contacts, and student data from a single location

## Transform your educational institution with an end-to-end lifecycle solution built for the future

The joint six week Student Portal Jump Start engagement helps you efficiently envision, implement, and harness OneWorldSIS Student Information System and HTML5 Portal Suite, a truly integrated, comprehensive, and easy-to-use education management offer that addresses virtually all aspects of your educational lifecycle and operations.

### Engage, manage, and maximize lifetime value

Built on the Microsoft Dynamics 365 platform, the OneWorldSIS Constituent Management and OneWorldSIS HTML5 Portal Suite work together to enable and sustain the digital transformation of K-12, continuing, and higher organizations. Envision, implement, and grow an integrated, end-to-end, service and support program that cultivates true lifetime value based on a centralized portal, integrated database, and powerful analytics.

## Benefits of the OneWorldSIS educational solution

**Easy activation of leads and prospective students.** Capture, update, and manage student information with a few clicks that automatically populate your active service records.

**Streamlined student record management.** Store, oversee, and manage all aspects of student information including academic, disciplinary, and administrative records.

**Improved faculty and staff services and support.** Surface important data while supporting basic and complex functions with simplified work processes.

**Elevated alumni engagement and participation.** Connect, communicate, and cultivate relationships with updated records to support communities, campaigns, and events.

**Increase donations and manage donor relationships.** Identify, engage, and support key donors using lifetime records, personal data, and profile analysis.

## Approach highlights

### Vision clarity

Provides you with deeper understanding of how the total OneWorldSIS solution fits your organization's unique situation.

### Due diligence

Assesses all aspects of the solution and provides you with the detailed information you need to validate your decision.

### Maximize return on investment

Get the most out of your technology investment and lower your total cost of ownership by upgrading your current solution and take advantage of features that deliver the increased operational efficiency and agility of Microsoft Dynamics 365.

### Adoption and change management

Delivers the user experience insights that are needed to accelerate user adoption.

## OneWorldSIS Student Information System

### Imagine

We are creative and critical thinkers who challenge convention and develop innovative solutions focused on meeting your business needs by helping you imagine the art of the possible.

### Realize

We champion your technology adoption to help accelerate the realization of value at the intersection of business performance improvement, differentiated experiences, and technology integration.

### Experience

We support the lifecycle and build for your needs, regardless of where you are on your journey, by driving ease of integration across broad ecosystems with value-adding services and differentiated experiences.

## The Microsoft Services Promise

Microsoft Services empowers customers to accelerate the value imagined and realized from their digital experiences.
